

Zeynel Deniz Gunes,
PhD Senior Research
Scientist, **Nestlé**
Research Center
Lausanne, Switzerland

2007 – 2015 : Research scientist and Science Network Co-Leader at Nestlé Research Center

2005 – 2007 : Post-doc at Nestlé Research Center, Lausanne (topic : Development and application of microfluidic techniques to emulsion stability and encapsulation studies in food systems)

2003 – 2005 : Post-doc in Rheology lab, KU Leuven (working on particle orientation in polymeric fluids – with Prof. J. Vermant and Prof. J. Mewis)

2003 PhD in Applied Physics of colloidal systems, Strasbourg, France (Topic : characterization of colloidal aggregation using dynamic multiple scattering techniques)

1999 – Chemical Engineering degree of ECPM, Strasbourg, France
